

Stop land Grabbing! 17 April - International Day of Peasant Struggles

by La Via Campesina
Monday, 16 April 2012

We invite people and civil society organisations everywhere to support - by all human, media, legal, financial or popular means possible - all those who fight against land grabs and to put pressure on national governments and international institutions to fulfil their obligations towards the rights of people. We all have a duty to resist and to support the people who are fighting for their dignity!
